

Gabriel Forero

FRONTEND DEVELOPER

✉ fpleo03@gmail.com 📞 3158045060 📍 Cl. 8a #78-70 Bogotá Kenedy

Perfil

I am a frontend developer passionate about web development, I currently use the React library for the development of web applications deploying them in a repository in the cloud like GitHub, I have a solid knowledge of HTML CSS, and JavaScript, and I have a conversational level of English (b1).

I currently have experience creating web applications independently, either for personal projects or for projects carried out on a freelance basis.

I am an assertive person to communicate and transmits what I want to communicate, currently all the knowledge that I have acquired I have learned in a self-taught, like reading official documentation, Platzi, online platforms, and a lot of practice, with the mentality of updating my knowledge and not stay in non-functional practices.

Formation

Frontend Developer Platzi	ene 2020 - presente
English (B1) Univerisdad nacional de Colombia, Bogota	ene 2015 - ene 2018
Ingeniería Universidad de America, Bogota	ago 2020 - presente

Experience

Frontend Developer Cliente Freelance	feb 2021 - jun 2021
Project of movies using JavaScript in greater proportion, making calls to the API available on the web through Axios, along with tools for manipulating the dom.	
Frontend Developer Personal Project	feb 2022 - ago 2022
I developed my web portfolio mainly with HTML CSS and JavaScript, with different internal pages in which I show my experience and some projects in which I have worked with technologies such as React, and others in which I made calls to some API to modify the dom according to the data obtained.
